Do you mean sending you the spreadsheet for each week since we started the regular rides?

Or

Just the rates for the normal 10 and 30 weekly rides plus the extra?

If its the second one, i sent you the brake down yesterday right after the email you sent me.

Let me know.

When you get a chance, please send me the PHL and local ride counts and cost for our normal weekly rate and then the rates for when we exceed that number of rides. I need this to ensure that it can be communicated in case we're asked for details.

Hi Redacted.

The fare rates from and to the airport have been lowered to \$55 flat.
The local rides stay the same...

This means, anything after the 10 phl rides will cost \$55.

This is an offer for you only.

I greatly appreciate your business and as always we will do our best to provide a great service to you and the group.

If you have any questions or concerns, please let me know.

Have a nice day and a great weekend.

Please confirm that you got this email.

Thanks again.

Sincerely
